

Ready. Set. Gov! is a free online service that allows Maine's municipalities to make available basic information about their community to citizens across the state and nation.

Using this tool, every Maine municipality can provide information online, and citizens can find information about every municipality from one convenient location, Maine.gov. And there's no catch. InforME's charter is to provide eGovernment services at the state and local level. So you get all the benefits at no cost to you!

Ready. Set. Gov! helps you plan your municipal website by providing suggested topics and easy-to-use tools. In fact, when you log in you'll see that there is already some great information about your community. You can keep this information, update it, or add to it as you see fit.

To get started, just visit www.readysetgov.com and get a free user name and password.

Sign up today and you will be **Ready** to provide these great services to your citizens.

InforME (Maine.gov) has gathered basic information about your city, town or county to help start your website for you.

Once you log in, you can use our simple, web-based tool to review and change the basic information already on the site, which includes:

- ✓ A brief description of your city, town, or county
- ✓ Contact information
- ✓ Available online services
- ✓ Quick facts
- ✓ City, town, county officials

If your municipality does not already have a website, you can use **Ready. Set. Gov!** to add pages and content to create a full-featured website, including:

- ✓ Departments & Facilities
- ✓ Meeting agendas & minutes
- ✓ News and events
- ✓ Document attachments & photos

Already have a website? **Ready. Set. Gov!** can help you, too, by providing a link that allows citizens to find your website through the award-winning Maine.gov portal.

Ready. Set. Gov! makes it possible for every county and municipality to have a web page or site that is automatically part of the official state of Maine website - www.Maine.gov. By using **Ready. Set. Gov!**, you'll benefit from:

- ✓ Fewer calls and inquiries from citizens who now can find the information they seek online - it's easier for your citizens and it's easier for you
- ✓ Greater visibility for your municipality
- ✓ A no-cost solution to providing online information
- ✓ Easy-to-use tools to add and change information on your web pages
- ✓ Notification of new online services
